Dear Parents/Carers

## Question and Answer at Athena – 15<sup>th</sup> October 4pm-6:30pm

May I first introduce myself as Miss Amy Chapman, Director of Athena Sixth Form College in Downham Market. I am contacting you as I believe that your child may be interested in applying to our college to study either A Levels, Level 3 Vocational Courses or a combination of both.

Athena Sixth Form College offers a highly personalised curriculum for ambitious young people. Students attend the college from a range of local secondary schools and the college has a reputation for academic excellence, one to one guidance on futures as well as an exciting extra-curricular offer to develop the whole student. Students benefit from a personalised curriculum; they are all well-known and treated as individuals in order to develop both their intellectual abilities as well as helping them to develop as independent learners. We will ensure students achieve the highest possible academic outcomes through a combination of outstanding teaching and the close support needed to thrive in a more independent environment.

Unfortunately we cannot invite you onto our site during these difficult times, however we have created a video which should give you an excellent view of college life, what it's really like to be a student at Athena. Alongside our video, please do visit the website to see our full array of courses on offer as well as our academic requirements for entry. Please use the QR code or follow the link below.
