### *Youth Support Services*

Once you reach the age of 13 we are legally required to pass on certain information about you to the local authority or youth support services provider in your area as it has legal responsibilities regarding the education and training of 13 to 19 year-olds. This information enables it to provide youth support services, post-16 education and training services and careers advice.

If you (once you are 16 or over) or your parent/carer do not wish this information to be passed on, you can contact us to tell us that you do not wish this information to be shared. You can do this by contacting the DPL at your academy.

### *Transferring data internationally*

If we need to share information about you with an organisation that is based outside the European Economic Area (EEA), we will protect your data by following data protection law. In practice, this would only happen if one of your parents lives abroad, or if you move to a school outside the EEA. If this happens, we will take extra steps to ensure that we can transfer your data securely. We will, for example, look at whether or not the country in question has good data protection laws. If we cannot be sure, then we will talk to you and/or your parent/carer to make sure you are happy for us to transfer the information.

We will always tell you if we feel we have a need to transfer any information about you internationally.

### *Photographs and media*

We may take photographs of you during the course of normal academy activities. We will always make you aware when this is happening and tell you the reason why photographs are being taken.

In most cases, we will only use the photographs for purposes related to your education, such as the compilation of class lists, or your identification on items such as security passes. In such cases, there is a clear lawful basis for doing so in pursuit of the public interest and providing you with an education.

We may also use the photographs (without your name attached) in materials for our website, for prospectuses or for schools displays. If you and/or your parent/carer do not wish your photographs to be used for this purpose, you will have the opportunity to tell us this when you join the academy. You can change your mind about this at any point by contacting the DPL in your academy.

If we want to use the photographs for any other reason we will make sure you know the reason why and seek your permission to do so.

Many of our academies operate CCTV systems – you can find more information about how we use these in the ‘CCTV’ section of our *Data protection policy*.

### *Biometric data*

In some of our academies, we use biometric data in automatic systems relating to security. All such data will be processed in accordance with the General Data Protection Regulation and the Protection of Freedoms Act 2012. We will only use your biometric information if we have the written consent of one or more of your parents/carers.

### *Your rights*

We only keep your information for as long as we need to or for as long as the law requires us to. Most of the information we have about you will be in your pupil file. We usually keep these until your 25th birthday unless you move to another school, in which case we send your file to your new school. You can find out more about how long we keep information in the ‘retention and destruction of data’ section of our *Data protection policy*.

You have other rights in relation to your personal data:

- You can object to what we are doing with your information
- You can ask us to transfer your information to another organisation in a format that makes it easy for them to use.

You can find out more information about these rights in our *Data protection policy* or by asking your DPL.
