14th September 2021

Dear Parents/Carers

HISTORY INTERVENTION SESSIONS

I hope this letter finds you well. Following the completion of the Year 10 Mocks, before the Summer break, the History Department have been analysing the resulting data and have identified some key areas for improvement relating to your child's content knowledge and exam skills in History.

We would therefore like to invite your child to a targeted programme of study to ensure that they have a better understanding of the subject content needed to complete their GCSE exams. We would like to take this opportunity to convey to you the benefits of these bespoke sessions as there is a proven correlation between the quality of revision and higher attainment at GCSE. We hope that you will encourage your child to attend these personalised intervention sessions between the times of 3.20 – 4.20 pm on the dates listed below in order to prepare your child for the next set of Mocks and their upcoming GCSE Examinations in 2022. If there is any reason your child is unable to attend these sessions, please feel free to contact us at the email addresses below.

Date:	Topic:	Focus:
20/09/21	Medicine in Britain – Key Topic 1 (Medieval Medicine)	<u>Content:</u> <ul style="list-style-type: none">• Rational vs Supernatural beliefs• Case Study: Black Death
