22nd September 2023

Dear Parents & Carers

Online Safety

The online world is an essential part of our daily lives and learning how to use technology safely is an essential skill for young people. Apps such as TikTok and Discord, for example, are extremely popular but risks are posed and it is important that schools, parents and carers work together to take an active role in teaching children about online dangers.

We have been made aware of some online accounts that have caused us some concern. These accounts have been reported, and we will work with external agencies to ensure that they are closed down and those responsible, identified.

Learning how to act safely when using the internet is an incredibly important part of safeguarding our children and your role as a parent/carer can make a significant difference. The following website has some very excellent advice, which you may find useful when talking to your child about staying safe online:

www.thinkuknow.co.uk/parents

We thank you in advance for your support with this matter.

Yours faithfully

Eleanor Atkins
