We ask that you begin having regular conversations with your child about how they are feeling about their upcoming exams, whether they understand what they need to do to improve from the November mocks, and to ensure that they have already started revising. Establishing a consistent revision routine at home will be crucial over the coming weeks.

Please also reassure your child that feeling nervous is normal and that support is available both academically and pastorally. If you have any worries or concerns at any point, please do not hesitate to contact us.

There will be an opportunity to speak directly with subject teachers at our next Parents' Evening which will be held in March. Further details will be shared closer to the time.

Thank you, as always, for your continued support in helping our students prepare for this important stage of their education.

Yours faithfully

The Year 11 Team
